

Episode Eight – Shireen video diary Transcript

This assessment doesn't faze me at all. As a group, I think we'll do okay. I'm not really sure how the role play's gonna go down though. I think they'll either find it funny, or pathetic. But I think as long as we get the points across, well they *can't* mark us down for it. And I think the PowerPoint's straight forward enough as well: Delia and Muzz can manage that, so yeah, I'm not too worried about it.

When it comes to assessing each other, that's maybe what I'm a little bit more worried about, because for some reason, they all find me bossy, and I don't think they like me very much. But I'm just kinda holding faith in the fact that the self assessment is to come, because I can state my own case then. And I think that'll maybe bring me up a little bit. I am just a little bit worried in case what I say doesn't match to what they're all saying about me though. But...c'est la vie!
