

### **Episode 3 – Rob video diary Transcript**

I don't really know what you want me to say, so I'll just say it as it is. I didn't think I was gonna like working in a group, and I was right: I don't. When you work in a group, there's so many issues: politics and hormones, and what was that thing about Vikki having a go at Shireen?!

They're not all bad though: Delia's alright. She's quiet; she seems to know her own mind: she's a bit like me.

Personally, I thought we should have done some planning first, but I wasn't gonna say that. There's two ways this could go: either I could sit back and chill out, and let everyone else do it; or I can take control. And if I take control, people'll listen. But the only reason I'd do that, is if I thought they're gonna mess it up for me. Because I'm not gonna get a crap grade over this.
