

### **Episode Three – Shireen video diary Transcript**

Vikki has been... a little bit difficult to say the least. I've been putting forward some ideas which will help to keep the structure of the presentation simple, and she seems to have some kind of...I don't know whether she feels threatened by me or whatever, but she seems to be wanting to take control, and she's banging on about this role play idea, and I just know it's not gonna work. So I'm there trying to suggest ideas for a PowerPoint display, which I *definitely* know works, and everyone's just kind of sitting on the fence about it, which is kind of annoying.

Rob, towards the end of the day seemed to pick up a little bit, and started putting his two pence in, but I don't think...I don't know whether he just seemed to enjoy the drama of it and felt like he had to take control and be the man.

And Muzz, I don't think he really fully gets what we're doing. So it's been...not that good a day.
